Winner of the IUPAC Prize for Young Chemists - 2011

Bozhi Tian wins one of the six IUPAC Prizes for Young Chemists for his Ph.D. thesis work entitled "Structures for Photovoltaics and Intracellular Probes."

Email: tianbz@mit.edu

Academic degrees:

- Harvard University, 2010, Ph.D. in Physical Chemistry
- Harvard University, 2007, M.A. in Physical Chemistry
- Fudan University, 2004, M.S. in Inorganic Chemistry
- Fudan University, 2001, B.S. in Chemistry

Ph.D. Thesis Title

Design, Synthesis and Characterization of Novel Nanowire Structures for Photovoltaics and Intra

Advisor:

Prof. Charles M. Lieber
